CONCRETE &
CONSTRUCTION

Company Overview

Kalahari Concrete and Construction, a subsidiary of Kalahari Drilling and Exploration Ltd. It is a Wholly owned Zambian company and is registered under the companies Act of 1994. The Company was formed in 2011, with the main goal of providing construction and building products and services such as piling, foundation, slabs and paving works.

To achieve our goals, the company has profoundly invested in an active manufacturing plant, up-to-date equipment and qualified personnel; in response to various professional challenges, as well as being compliant to the legal requirements, parameters and specifications as recommended by the different professional bodies responsible for meeting both local and international standards. All this has been acquired and achieved at great cost.

Our vision is to transform our company into one of the leading professional Civil and Building Construction Services Providers in Zambia through dedication, hard work and by observing all guidelines as laid down by the statutory bodies such as the National council for construction, Engineering institute of Zambia and Road Development Agency (RDA). Kalahari Concrete and Construction Limited provides its customers with an unparalleled service, delivered locally and tailored to each customer's precise needs and/or specifications.

Our competitive advantage is offered through a one shop and an efficiently cost effective approach to construction and other civil works. As Per our proven track record, we consistently satisfy and often outperform our clients' expectations, by delivering integrated innovation solutions, a high quality end product and a devoted experience workforce. Our reputation is founded on a corporate culture emphasizing safety, humility, teamwork, community & indigenous engagement and long term client relations. We focus on establishing and supporting a client base in the public, private sectors, provincial & local authorities as well as other government departments.
